Am

It's up to us, it's up to us to

G Am

praise the One the Divine (2x)

Dm Am

There is such beauty in Creation,

E Am E Am

We humble ourselves in wonder and awe.

Dm Am

We learn from Torah and from each other,

E Am E Am

We share life and we give love.

It's up....

We bend our knees and lower our eyes,

When we are open our fears subside.

We must be thoughtful, patient and kind,

_ *We* _ heal our world, our hearts and our minds.

It's up....

Everywhere everyone soon then will find,

Friendship and trust bringing peace and joy.

The day will come when all under the sun,

Will know the All, the Only, the One.

It's up....
